

STE CHAPELLE

2012 CHATEAU SERIES SOFT WHITE

BACKGROUND

Our Soft White has rapidly become one of our most popular wines. The wine's fruit tone is luscious and balanced with crisp acidity making it accessible and enjoyable for all occasions.

WINEMAKING

The Soft White is a blend of several white varieties. We ferment this wine cold in stainless steel to preserve the fresh and fruity aromas and flavors. We stop the fermentation with considerable residual sugar resulting in a wine that is sweet and fruity with lower alcohol content.

WINE DESCRIPTION

Beautiful pear and honeysuckle aromatics welcome you to this refreshing wine. Notes of apple, orange, melons and tropical fruit are layered on the palate with a hint of coconut on the finish.

FOOD PAIRINGS

Our Soft White is delightful on its own or serve well-chilled with fruit, cheese, and light desserts. The wine is also a perfect complement to marinated fish and poultry dishes.
