## CHATEAU SERIES 2008 CHARDONNAY

---

Chardonnay is the most popular of all white grape varieties, producing superb table wines in regions as diverse as France's Burgundy, California, Australia and performs remarkably well in the high-altitude vineyards of Idaho's Snake River Valley.

*Wine Description:* Chardonnay is one of the great grapes of the world. Our Chardonnay is made in a low-oak, fruit-forward style, which makes it great food wine.
